The world at your doorstep

You have a unique opportunity to reach the world—around the globe or just around the block. TWR360 is the perfect tool for reaching out to people who speak a different language. Whether you're sharing the resources available on the multilingual site with a Hispanic friend or spreading the word to members of the growing Somali community in town, TWR360 is a premier global online tool for accessing Christian media content.

The site delivers audio, video and text-based resources (including e-books) designed to encourage people in their faith and in sharing the gospel with others. TWR360 automatically detects the user's language settings and displays all content currently available in that language.
